## Executive Summary

On 27 July, the House agreed to suspend the rules and passed the Senate version of H.R. 4899, making emergency supplemental appropriations for fiscal year 2010. After a "ping-pong" process where the Senate rejected amendments approved by the House, the House passed a version of the bill previously passed by the Senate forgoing the need for a Conference Committee.

The bill provides funding for the Army and Air National Guard Operations and Maintenance accounts above the President's request. The bill also funds the Army National Guard Personnel account at the President's request while removing all funding for Air National Guard Personnel account.

The President signed the law (P.L. 111-212) on 29 July.
